EDUCATION

Sinhgad College Of Engineering
Bachelor of engineering(BE)
Information Technology

June 2025
Overall CGPA: 6.59

CARRIER OBJECTIVE

Aspiring Software Developer with a solid foundation in **Python, SQL, and the MERN stack**, eager to apply strong **analytical and problem-solving skills** to real-world projects. Passionate about learning and contributing to a dynamic team environment. Seeking an opportunity to start my career where I can **grow technically and deliver impactful solutions**. Currently **based in Pune and available to join immediately**.

PROJECTS

JeevDaan

Developed a full-stack donation platform using the MERN stack that enables donor registration, emergency request submission, and secure user authentication. Implemented a real-time notification system with per-user read/unread tracking and designed a responsive, role-based interface to improve accessibility and community engagement.

Storyindex

Story Index is a front-end web application built using HTML, CSS, and JavaScript with API integration. The platform helps users discover movies and books based on their preferences. By fetching data from external APIs, it allows users to search, explore details, and filter content according to their choices, making it an interactive and engaging way to find stories in different formats.

TECHNICAL STRENGTHS

Language	Java , Python , Javascript,SQL
